"Nuts and Bolts for District Managers"

Introduction

- A Conservation District Manager is the primary "executive" for a conservation district.
- The Manager reports directly to the President of the Board of Supervisors.
- A District Manager's role in administration of a conservation district is crucial for a vibrant, active district.
- A District Manager is the key to implementing the District Long Range Program and Annual Plan of Work to conserve and protect natural resources.

COMMUNICATION

- Initiates contacts with landowners and/or agencies and follows up on resource issues.
- Presents ideas and information to the board and reports on district activities.
- Initiates and implements a public information program through contacts, tours, newspaper, radio, television, newsletter, public appearances, schools and youth groups.

DUTIES: The District Manager

Is responsible for the management of all aspects of a district.

 Maintains records and an accounting system; prepares correspondence & minutes

 Submits all required reports on time as specified in the following calendar.

FINANCIAL RESPONSIBILITIES

 Identifies sources and makes recommendations to the board to secure operating funds

 Coordinates requests for district assistance and grants with appropriate resource agencies.

PLANNING

- Assesses conservation needs within the District and helps the board to incorporate the information into annual and long range plans
- Keeps the district board informed of actions taken, trends in conservation work that are developing and issues which may be of interest to the district

PARTNERSHIPS

- Maintains a cooperative relationship with natural resource agencies.
- Coordinates district involvement and assistance in a variety of programs and activities with the NRCS District Conservationist, the State Conservation Board, CACD and others.

OTHER RESPONSIBILITES

- Responsible for proper maintenance and use of all district equipment and facilities
- Is familiar with laws that affect conservation work within the district, especially the Soil Conservation Act

Conducts sales of trees, seed, and other equipment and supplies

In Summary,

- A District Manager does not set policy, but implements the activities directed by the Board of Supervisors
- District Managers play a critical role in determining conservation districts' success or failure
- A positive working relationship between the District Manager and the Board of Supervisors makes a strong and productive conservation district!
