

## Summary of Measurable Outcomes

### #1 Highest Funding Priority

Measurable Outcomes: (enter amount in all that apply)	Amount	Unit of Measure
Number of land owners/managers assisted	15	number
Number of conservation plans developed	11	number
Number of conservation practices and systems applied	12	number
Number of acres benefited through conservation practices	220	acres
Miles of stream segments benefited	0	miles
Increased number of water bodies meeting water quality standards	0	number
Amount of water placed (cubic feet per second) into trust with long term agreements	0	cubic feet per second
Acre-feet of water returned to streams through conservation practice installation	30	acre-feet
Number of homes that have firewise practices implemented	0	number
Acres enrolled in a farmland preservation program	0	acres
Number of conservation projects with successful cultural resource assessments	0	number
Number of outreach activities and education and training events	1	number
Number of people who have been contacted or participated through targeted educational activities	25	number
Increased number of partnership agreements	0	number
Other (Describe)	0	
	0	

### SOILS

Measurable Outcomes: (enter amount in all that apply)	Amount	Unit of Measure
Number of land owners/managers assisted	10	number
Number of new conservation plans developed	2	number
Number of conservation plans updated	0	number
Number of conservation practices installed and practices receiving financial assistance	2	number
Number of acres protected, improved or enhanced through the implementation of BMP's on landowner property	20	acres
Acres enrolled in a farmland preservation program	0	acres
Other (Describe)	500	

### WATER

Measurable Outcomes: (enter amount in all that apply)	Amount	Unit of Measure
Number of land owners/managers assisted	15	number
Number of new conservation plans developed	13	number
Number of conservation plans updated	2	number

Number of conservation practices installed and practices receiving financial assistance	3	number
Number of acres protected, improved or enhanced through implementation of BMP's on landowner property	140	acres
Miles of stream protected, improved or enhanced through implementation of BMP's on landowner property	500 ft	miles
Increased number of water bodies meeting water quality standards	0	number
Acre-feet of water returned to streams through conservation practice installation	0	acre-feet
Water volume proposed for lease or purchase (in acre - feet per year)	0	acre-feet
Total project water savings in acre - feet	0	acre-feet
Total project water savings in cubic feet per second	0	cubic feet per second
Number of river miles affected by the water savings	0	miles
Other (Describe)	1500	

## ANIMALS

Measurable Outcomes: (enter amount in all that apply)	Amount	Unit of Measure
Number of land owners/managers assisted	5	number
How many landowners assisted were new contacts this year	5	
Number of new conservation plans developed	5	number
Number of conservation plans updated	0	number
Number of conservation practices installed and practices receiving financial assistance	0	number
Number of acres protected, improved or enhanced through the implementation of BMP's on landowner property	1	acres
Miles of stream protected, improved or enhanced through the implementation of BMP's on landowner property	500 ft	miles
Feet of fence installed	0	feet
Increased number of water bodies meeting water quality standards	0	number
Number of threatened/endangered species positively benefited	1	number
Other (Describe)	500	

## PLANTS

Measurable Outcomes: (enter amount in all that apply)	Amount	Unit of Measure
Number of land owners/managers assisted	4	number
Number of new conservation plans developed	4	number
Number of conservation plans updated	0	number
Number of conservation practices installed and practices receiving financial assistance	4	number

Number of acres protected, improved or enhanced through the implementation of BMP's on landowner property	11	acres
Number of homes that have firewise practices implemented	0	number
Number of threatened/endangered species positively benefited	0	number
Other (Describe)	500	

## AIR

Measurable Outcomes: (enter amount in all that apply)	Amount	Unit of Measure
Number of land owners/managers assisted	0	number
Number of new conservation plans developed	0	number
Number of conservation plans updated	0	number
Number of acres protected, improved or enhanced through the implementation of BMP's on landowner property	0	acres
Other (Describe)	500	

## HUMAN

Measurable Outcomes: (enter amount in all that apply)	Amount	Unit of Measure
Number of one-on-one and workshop contacts made	35	number
Number of contacts that resulted in new action	25	number
Number of outreach activities and education and training events	5	number
Number of people who have been contacted or participated through targeted educational activities	5000	number
Increase in voters in conservation district election (if an increase occurred)	0	number
Other (Describe)	0
